

UDVB V Band Hose Clamp

- The V-shaped clamping part enables the hose band to fit tightly to the pipe or cable.
- Bandwidth: 19/22/25mm
- Size: 2" 2-1/2" 3" 3-1/2" 4" 5" 6"
- Material: W2 or W4
- Bolt Size: M6/M8
- Application: heavy duty diesel engine exhaust and turbochargers, filter housings, emissions and general industrial applications. Can be OEM and ODM

V-Band hose clamp can provide a fast, secure coupling for connecting flange joints. V Band clamps feature high strength and positive sealing integrity for applications including: heavy duty diesel engine exhaust and turbochargers, filter housings, emissions and general industrial applications. Can be OEM and ODM.

UDAC A Type No-hub Coupling

No-Hub coupling is designed for Heavy duty, durable Plumbing applications. It is not easy to deform, firm installation, has smooth surface without burrs.

UD No.	Size	Pcs/Ctn	Carton size(cm)
UDAC-40	DN40 1.5"	100	36*27*32
